Re: Construction London Limited reference

To Whom It May Concern:

I have known and worked with the management team of Construction London Ltd for the past 5 years.

CLL have proved to be professional, well resourced and extremely competent company. They are currently working on our project at Tulse Hill consisting of 103 flats with medical centre attached. We have had no problems with reliability or quality with CLL and look forward to giving them the opportunity to tender for future works.

I would have no hesitation in using Construction London Ltd in future projects and would have no hesitation in recommending them to other companies

Yours truly,
